

## Curriculum Vitae for Anita Christiane Hansson

<b>NAME</b> Hansson, Anita Christiane	<b>POSITION TITLE</b> Senior Scientist, PhD
<b>WORK ADDRESS</b> Central Institute of Mental Health Inst. of Psychopharmacology J5 68159 Mannheim, Germany	<b>TELEPHONE, FAX (WORK), e-mail</b> Phone: +49 621 1703 6283 Fax: +49 621 1703 6205 E-mail: <a href="mailto:anita.hansson@zi-mannheim.de">anita.hansson@zi-mannheim.de</a>
<b>NATIONALITY</b> Danish	<b>CHILDREN</b> 2

INSTITUTION AND LOCATION	DEGREE,	YEAR(s)	FIELD OF STUDY
University of Hamburg, Hamburg, Germany	Diplom biologist (Master in Biological Science)	1990	Genetics, Biochemistry, Microbiology
Karolinska Institutet, Stockholm, Sweden	PhD	2002	Neuroscience

### DOCTORAL THESIS

Title: ***Glucocorticoid and Mineralocorticoid Receptor Regulation of Regional Brain Neurotrophism***

Department of Neuroscience, Karolinska Institutet, Stockholm, Sweden, August 2002.

Discipline: Molecular Neuroscience, Neuroanatomy

Supervisor: Prof. Kjell Fuxe

Opponent: Prof. Ron deKloet (Netherlands)

### DIPLOMA WORK (Master thesis)

Title: **Genotypanalyse der CAT40-Mausmutante mit Hilfe einer DNA-Amplifikationsmethode (PCR)**

Department of Experimental Virology and Immunology, Heinrich-Pette-Institute, University of Hamburg, Hamburg, Germany, December 1990.

Discipline: Molecular Biology, Genetics, Supervisor: Prof. Klaus Harbers

## POSITIONS

- 1989 - 1990 Undergraduate student, Heinrich-Pette-Institute, University of Hamburg, Hamburg, Germany  
1992 Scientific assistant, Max-Delbrück-Centrum for Molecular Medicine, Berlin, Germany  
1993 - 1997 Visiting Scientist, Karolinska Institutet, Department of Neuroscience, Stockholm, Sweden  
1997 - 2002 PhD student, Karolinska Institutet, Department of Neuroscience, Stockholm, Sweden  
2002 - 2004 Postdoctoral fellow, Karolinska Institutet, Department of NEUROTEC, Stockholm, Sweden  
2004 -2008 Postdoctoral fellow, Laboratory of Clinical and Translational Studies, National Institute on Alcohol Abuse and Alcoholism, NIH, Bethesda, USA  
2008-2010 Special volunteer at the Laboratory of Clinical and Translational Studies, National Institute on Alcohol Abuse and Alcoholism, NIH, Bethesda, USA  
Since 2009 Senior Scientist, Inst. Psychopharmacology, Central Institute of Mental Health, Mannheim, Germany

### ***Maternal leave***

- 1991 - 1992 Child 1  
1999 - 2000 Child 2

## SUPERVISION AND TEACHING EXPERIENCES

### ***Supervisor of PhD students***

- Since 2011 Supervisor of the PhD thesis of Laura Broccoli (University of Heidelberg, Germany),  
Since 2012 Supervisor of the PhD thesis of Stefanie Uhrig (University of Heidelberg, Germany)  
Since 2012 Supervisor of the PhD thesis of Natalie Hirth (University of Heidelberg, Germany)

### ***Supervisor of semester students, master students***

- 2010-2011 Supervisor of the master thesis of Laura Broccoli (University of Bologna, Italy),  
2011-2012 Supervisor of the master thesis of Stefanie Uhrig (University of Heidelberg, Germany)  
2011-2012 Supervisor of the master thesis of Natalie Hirth (University of Heidelberg, Germany)  
2011 Supervisor of the practical semester work of Alois Gromann (Biotechnische Hochschule Mannheim, Germany)

- 1994 – 2002 Karolinska Institutet, Department of Neuroscience, Stockholm, Sweden; supervision of graduate students (4 pers), visiting scientists (6 pers) and laboratory assistants (2 pers).  
2003 - 2004 Karolinska Institutet, Department of NEUROTEC, Stockholm, Sweden; supervision of undergraduate students (2 pers) and laboratory assistant (1 pers).  
2004-2008 NIAAA/NIH, Bethesda, USA, supervision of laboratory assistants (4 pers) and graduate students (3 pers).

## **Teaching experiences**

- 1997 – 2002 Karolinska Institutet, Department of Neuroscience, Stockholm, Sweden; supervision of laboratory courses within the field in neuroscience (functional neuroanatomy, cellular mechanism, EEG, histology, *in-silico* models in neuroscience) for undergraduate students (80 hours), oral examinations of undergraduate students (20 hours).
- 2002 Workshop: International Summer School on Neurotrophin & Nuclear Receptors “from molecules to behavior”, Lake Erken, Norrtälje, Sweden.
- 2003 Workshop: *Ist International course on Methods and Gene Expression Analysis*, on June 11<sup>th</sup> to 14<sup>th</sup>, Karolinska Institutet, Department of NEUROTEC, Stockholm, Sweden
- Since 2010 Medizinische Fakultät Mannheim der Universität Heidelberg, Reformstudiengang MaReCum, Mannheim, Germany; teaching medical students in human Neuroanatomy (2 hours per week/semester)
